

Discover Your
PURPOSE
IN 2 MINUTES

IFE ADETONA

ABOUT THE BOOK

Set your stopwatch, you are about to discover your purpose in few
minutes.

This book contains a developed rapid test kit of purpose discovery originally designed by Ife Adetona by the inspiration and help of the Holy Spirit. It is a product of years of careful research and observation into the concept of purpose and the lives of spiritual and secular men who have achieved spectacular things on earth. This designed test kit has been applied to over a thousand people across different ages and backgrounds in the School of Purpose of the Koinonia Bible Institute and in other settings. Every one of them was able to say with precision what their purpose on earth is. You are about to have the same testimony.

This is the answer to your questions. Congratulations.

May the Communion of the Holy Spirit be with you.

ABOUT THE AUTHOR

Ife Adetona is an anointed preacher of the gospel. He is the President of Sons and Daughters of Zion [SADOZ] Worldwide. SADOZ is an interdenominational and discipleship ministry which has seen thousands of people baptized in the Holy Ghost with the evidence of speaking in tongues and helped people develop a friend to Friend relationship with the Person of the Holy Spirit. SADOZ's daily discipleship and devotional manual called Daily Communion reaches and blesses

tens of thousands of people daily to the glory of God.

Ife Adetona is also the president of the Koinonia Bible Institute [KBI], an online training academy of SADOZ which offers various courses/schools: School of Ministry, School of Purpose, School of Leadership, School of Business, School of Prayer, School of Deliverance, School of Healing, Masterclass on Sex Education, Masterclass on Courtship and more.

He is the husband of Elizabeth Ife-Adetona and their home is blessed with godly seeds.

Testimony from the School of Purpose, Koinonia Bible Institute, SADOZ

Since I started SOPP, my life has received a great turn around, it has really changed my mentality about success. In the second week of our lecture, I discovered my purpose and I am now fulfilling it. I am making meaning and money at the same time. **Adeleke B.**

It was an amazing time with God. At first when I went through the course outline, I wondered how I would discover my purpose with that kind of outline. I couldn't point to any topic that hinted the discovery but I decided to keep going. At UIO II, I could boldly beat my chest and say I have discovered purpose. Glory to God! **Odubiyi O.**

SOPP has helped me discover my purpose. It has helped me know the difference between purpose and ambition. I am already working towards the fulfillment of my purpose. **Akorede O.**

SOPP is a great school that everyone should go through. From the beginning to the end, my understanding was opened and I have been able to discover my purpose. I can also teach others on how to discover their purpose. Hallelujah. God bless KBI! God bless SADOZ! **Adeyemi E.**

I am so grateful and will be forever thankful for the school of purpose. I don't know what my life would have been now if I had missed it. Before now, I used to be confused as to what purpose entails and how to go about fulfilling purpose. Now, I don't only know all about it but I am on the path to fulfilling it. All thanks to God. God bless Pastor Ife Adetona. **Awoleke T.**

I was so blessed and cared for by the Almighty to bring me across this platform. My eyes of understanding were opened and light has shown in the darkest part of my life through this school. All the questions on my mind were answered and I am so grateful for the life transformation. Now that I have discovered my purpose, I will always work in it to impact life. I will ever be grateful. **Aderinlewo O.**

I was able to discover new things about myself. Earlier, I was confused when people talked about what they were good at and their purpose because I seemed to have interest in everything but through this school, I got what I needed to know about my purpose. Also, God blessed me mightily throughout the classes. CDA lecture is a huge blessing and I have been making use of it and it is working for me. **Afolabi Q.**

The experience I had during the school of purpose was a very vital one which I can never forget. I am glad that I know more about purpose. During the school, I discovered my own purpose and I am now pursuing it. I'm also helping others to discover their own purpose. I appreciate the entire family of KBI, SADOZ. **Adeyele D.**

The course is educative full of insights, laws and principles to fulfill one's purpose. It was a wonderful time. Great thanks for the opportunity to attend this course, I am not the same now. **Francis K.**

At first, I did not want to apply to SOPP because I felt that I knew my purpose and there was no need applying for this school but I felt compelled and so, I applied and since then there has been a turn around. God opened my eyes to really see deeper things concerning my purpose and I have started working on some of them. I can see that the future is bright. Pastor Ife Adetona is God sent. God bless you Sir. **Bolaji O.**

The knowledge I acquired from this course is immeasurable. I have learnt that wealth is ostentatious if you're not making meaning. God bless Pastor Adetona, a magnanimous being God used to bring answers to every questions of my heart. **Olufemi E.**

I thank God for the wisdom, knowledge and understanding throughout the school. I now know my purpose and my spiritual eyes were opened through this course. I have been enlightened me on how to start a business through this teaching and God has supported me. **Salako S.**

FOREWORD

Everyone desires to fulfil purpose on earth but most people don't know how to go about it. Many think that being in alignment with purpose is one hard task that takes serious fasting and prayer just as I had thought. Some even think that some prophet would come their way to tell them what their purpose really is. For these reasons and some others, this book has been written to clear the confusion and fears people have about discovering purpose.

This book is written in such a way that readers would be able to discover their purpose easily and quickly and to take practical steps towards fulfilling it. It also address the place to look into to discover purpose using practical examples. This book is the exact go-to you need in discovering purpose.

Pick this book up to find answers to all your questions on discovering purpose. It is the purpose test-kit you need right now!

May the communion of the Holy Spirit be with you. Amen.

Akano Esther.

PREFACE

“Discover your Purpose in 2 Minutes” is a short-cake or what you can call a rapid test-kit that will quickly reveal your purpose in life to you. After reading this book with full understanding of what your purpose really is, I will admonish you to also get my book “The Ultimate Purpose Finder”. That book will give you a comprehensive view of what your purpose is and what to do after discovering what you are meant to be on the earth.

CHAPTER 1

PURPOSE ULTIMATE SEARCH: U.I.O

“...to this end was I born, and for this cause came I into the world...” John 18:37

Are you in search of purpose? Do you know where to find your purpose? **When you look to the wrong direction, you will get the wrong description.** When you ask questions from the wrong person, you will get the wrong answer. In this chapter we shall be discovering where to discover purpose.

There are basically three places to look at when you are eager to know what your purpose on earth is. I call it: UIO- Upward, Inward and Outward. Looking Upward means looking up to God, looking up to your maker and looking up to your producer. The law of purpose says that you are a product and you have a producer. The second place to look at is to look inward. Look at yourself. You were finished before you were created, just like your mobile phone. It left the factory in a complete form. Everything that will make it work has been put inside it. The same goes for you. You were sent to earth in a complete form and everything that will make you function well has been built into you even before you were given birth to. Like God told Jeremiah that even before he was born, He knew him and He has pre-ordained him to be a prophet unto nations.

That which you need to fulfil your purpose is inside of you; your talents and skills. So, to get purpose, you have to look inward. If you carefully consider the pressing iron, you will know the purpose it is going to serve. This is because by merely looking at the make-up, you can determine its purpose.

The third place to look at in the search of purpose is to: look outward. Look outward that is, look at your environment, look at your set-up, and look at your market. **Look Upward to your Maker, Look Inward to your Make-up and Look Outward to your Market.**

In this book, our emphasis will be on looking inward because that is where your uniqueness and specification is. Self-discovery is the mother of all discoveries. Once you know who you are, you can begin to fulfil your purpose.

CHAPTER 2

LOOKING INWARD

“And Cush begat Nimrod: he began to be a mighty one in the earth. He was a mighty hunter before the LORD: wherefore it is said, Even as Nimrod the mighty hunter before the LORD”. Genesis 10:8-9.

Looking inward is looking at yourself; everything you are meant to be has been placed in you. When you look inward, you look at your make-up. Everything that will make you function effectively on this earth have been constructed and installed into you. All it will take for you to succeed and be fulfilled are already programmed into you.

Enough of the mediocrity in Christianity; we have fervent and spiritual people who aren't fulfilling purpose or making the best use of their lives. They are waiting for God to uplift them suddenly or to rain money from heaven. They are even waiting for dreams and visions to tell them what to do in life. That is wrong. God didn't just make you today nor will He make you tomorrow. You are a ready-made. That's why *you can't determine your purpose, you can only discover it.* And you can only discover things that have already been made and enclosed within.

Wiktionary, an English Dictionary defines purpose as “the reason for which something is done or the reason it is done in a particular way”. Let me rephrase it this way: *your purpose is the reason for which you were created and the reason you were created the way you were created.* Your purpose is the reason you are a male or female. Your purpose is the reason you're a Nigerian. Your purpose is the reason why you are short. Your purpose is the reason why you are fat. Your purpose is the reason you are made that way. Your purpose determines your makeup.

You are a specification and your purpose is the reason you were made that way.

Your purpose is that you were made for the benefit of mankind. So, for you to be useful to others around you, He has made you in a special way such that your service will be needed by those people and it is high time you worked in line with your make-up so that you can affect those He wants you to affect. When you do things that have been programmed in you, you do it with ease and you do it effectively. Then, you will begin to make meaning and make money.

“For the gifts and calling of God are without repentance”. Romans 11:29

The reason why we have so many successful unbelievers and even great inventors who are atheists is because the gift of God is without repentance. Jesus told us to learn from the worldly servant. He said the people of this world are wise in their counsel. What God has put in you before you were born is permanent. The music industry is filled with many church choristers who slide into worldly music, it wasn't the devil that gave them those gifts; they were talents planted in them from birth.

The world has records of many great believers who became inventors and billionaires both in the past and in this generation. If believers will learn to look within, discover their purpose and stay in that strength, we will be unmatched by the people of the world. Many of those unbelievers and atheists live with a deep sense of emptiness and that emptiness in them is because they don't know God. Many have wealth but lack joy and they end up committing suicide. It is only the blessings of the Lord that adds no sorrow. Christians should stop looking for candles to light, mountains

to climb, visions to see, magical prophecies and so on. Let's get to work in with our purpose planted in us by the Maker.

The man Bezaleel in the Scriptures lived in Moses' time, he was not a prophet like Moses, or a priest like Aaron or a choir leader like Miriam but, he became prominent in the area of his own gifting. His Maker had prepared him ahead of time to fit into the plan HE had for Moses and the Israelites. Bezaleel alongside Aholiab were unique and prominent because they worked in the direction of their discovered purpose.

“And all the women that were wise hearted did spin with their hands, and brought that which they had spun, both of blue, and of purple, and of scarlet, and of fine linen”. Exodus 35:25

The mistake the people of the world make is that they focus more on looking inward (their talents and make-up) at the expense of looking upward; (to God, their Maker) but believers make the mistakes of looking upward alone without looking inward. They want to pray, they want to fast and they want a prophet to tell them their purpose in life. They want those prophets to see a vision of what they should do. I don't think that at any time did Bill Gates had a dream that he became a computer programmer and I don't think that Michael Faraday ever had a prophet told him to become a scientist. Only ignorant Christians go about looking for a prophet that will tell them: become an engineer, become a doctor, sell food or clothes. It is the duty of man to look inward for his purpose.

I am not saying that God does not reveal but, it is foolish to wait for revelations or prophecies. How many people have been deceived by prophets who told them they won't be successful until they go abroad

and so they wasted resources and time applying for visas with no avail? I have seen people who were told that they wouldn't make it until they get married or until they have a certain number of children. Don't be stupid! I'm not discarding prophecies, I am a prophet of the living God but God has never used me to render people irresponsible.

The Law of your Make-Up

When we talk about looking inward, we are talking about looking at your settings, your make-up, the way you were fashioned by the maker. For instance, if you see a model of phone you have never seen before, you won't call it a fridge but a phone just because of the way it was made. By taking a critical look at yourself, you should be able to tell what you are made of and what you are made for. **The purpose of a thing determines its making.**

And Moses said unto the children of Israel, See, the LORD hath called by name Bezaleel the son of Uri, the son of Hur, of the tribe of Judah; And he hath filled him with the spirit of God, in wisdom, in understanding, and in knowledge, and in all manner of workmanship. Exodus 35:30-31.

The purpose of a product determines its make-up. If I am making a fan, I know I must put in blades and if I am making a radio, I must include an antenna (internal or external). The purpose of that product in your hand determined how it was made.

There are aircrafts that can land on the sea and there are aircrafts that land on the ground. The producer of those aircrafts must have designed them differently for the purpose for which they were made. When God was making you, He had a purpose in mind: He wants you to serve Him,

He wants you to please Him and He wants you to affect other people around you in a specific way. So, He has made you specifically for the gap you are meant to fill.

There are aircrafts that can land on the sea and there are aircrafts that land on the ground. The producer of those aircrafts must have designed them differently for the purpose for which they were made. When God was making you, He had a purpose in mind: He wants you to serve Him, He wants you to please Him and He wants you to affect other people around you in a specific way. So, He has made you specifically for the gap you are meant to fill.

The Scripture says that God has set some people in the church: some as apostles, some as prophets, some as pastors, some as teachers and some as evangelists. He set them according to the purpose He wants them to fulfil in the body of Christ. Don't wait for forever for a Pastor to tell you what course to study in the university. Again, God reveals but I can tell you for free that it is more likely for God to reveal to those that didn't ask than to reveal to those that asked. Don't let the devil play pranks with your destiny.

You Are Inbuilt

Arise, shine; for thy light is come, and the glory of the LORD is risen upon thee. Isaiah 60:1

When talking about looking inward, I am talking about your gifts, skills, nature, temperament, and many others. Look at your phone, all that will make it work has been programmed, prepared and finished by the producer then packaged into it. Whether you use the phone or give it to an old man or a baby or send it abroad, it does not determine the

potential of the phone. What determines the potential of the phone is on the inside of the phone not the outside. What will make the phone work effectively is within.

What I'm trying to say is that you are a complete product, irrespective of your nationality, finance or gender. Those external factors do not limit the potential God has packaged into you.

I was given birth to with a wooden spoon, not with a silver spoon. From the age of 13, I knew I was going to make meaning in life by fulfilling my purpose, my family heritage or country notwithstanding. The ability for a lamp to give light is inside the lamp not in the person holding it be it a child or an adult. The ability to give brightness is in the lamp whether you put it on in the morning, afternoon or in the night. The presence of darkness or the absence of sunlight is not what enables it to produce light, what makes it to produce light is actually in the lamp itself. I believe you understand that. Everything it will take for you to succeed in life is packaged inside of you already. A business principle says that 80% of why businesses fail is within and 20% is without. Arise, shine for thy light has come and the glory of the Lord as risen upon thee.

I will praise thee; for I am fearfully and wonderfully made: marvellous are thy works; and that my soul knoweth right well. Psalm 139:14

Everything it will take for you to succeed in life is packaged inside of you. The potential is in you.

Let me tell you about the laws of the producer. **For anything to work effectively in the absence of a producer, the producer would set some laws in his product.** For a vehicle to work effectively in the

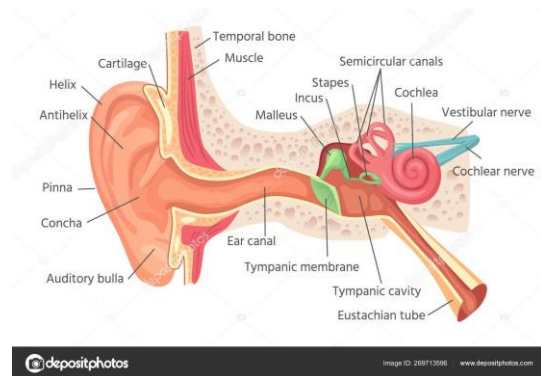

absence its producer, the producer would have set some laws into the vehicle and if you follow those laws, you will get the desired result.

When you buy a new car, the producer would tell you how fast it can go. Although it is a new car, the producer has however placed laws in it that even in his absence, the car would function as expected. When you bought your phone, the producer told you, it has 16GB internal memory, whether you use it up or not it is already packaged into it. According to the make-up of the phone when you want to answer a call, the law says, you push the green button. Whether the producer is there or not once you apply that law, you will be able to answer your call.

Consider nature, the Father has set so many laws to work and in as much as those laws are in place, planet earth will be habitable. One of those laws is the law of seedtime and harvest time which is also the law of sowing and reaping. Another law is the law of gravity. There is no law of gravity in space and that is why the moon, the sun and the stars have not crashed into the earth, they are all floating in space. In the same manner, the maker has set some laws in motion in your life to bring you into purpose fulfilment. There are things that serve as clues and directions for your purpose in life. If we look deeply into those clues, we can unveil your purpose.

Let's examine the make-up and laws of two objects and see how their makers carefully set those things in place to make effective products.

THE MAKE-UP OF THE EAR

Looking at the human ear, your maker has set some laws in place in your ear to function effectively even in His absence. Whether you are a believer or an unbeliever, your hearing organ would still function. The study of that make-up by doctors has made it possible for them to correct many defects that may occur in the human ear.

The ear has three parts: the outer ear, the middle ear and the inner ear. The flaps you see outside and touch is called the *Pinna*. The *pinna* gathers sound waves; these sound waves travel through the inner ear, in your inner ear is what we call the *ear drum*. When the sound waves hit the *ear drum*, it vibrates.

This vibration travels into what is called the *Ossicles*. The *Ossicles* are tiny bones. These bones receive the vibration; the first bone is the *hammer*. This *hammer* amplifies the sound in your ear as it strikes the other two bones. As these bones are struck, the sound or vibration goes into a fluid in an organ in the inner ear called the *Cochlea* (it looks like a coil). Once the vibration goes into the fluid in the *Cochlea*, it converts and transports it in form of an electric impulse or electric signal.

The electric impulse travels through tiny hairs in the inner ear into the auditory nerves then the nerves takes it to the brain. (There are about 24,000 of these hairs). The brain then translates the impulse into sounds which you can understand. Those are the laws in place in the make-up of an ear that makes it to function properly.

For your ears to function all the days of your life, God has set those laws in place. God said that: *“once the pinna picks the sound waves, let it hit the ear drum, let the ear drum vibrate, let the vibration strike the three bones, let the three bones amplify the sound, let the sound travel in form of fluid into the inner ear, let the fluid translate the vibration into electrical impulse, let the impulse by the work of tiny hairs inside take it to the auditory nerve and let the nerve take it to the brain”*. Once it gets into the brain, you are able to understand the sound. That's the simple law and process. Your Maker set those laws in your ears so that every day of your life your ears will function properly. If there is any violation of this law the ears will not function properly.

Many people are violating the laws of their make-up and that is why they are not making it optimally. Whenever you commit sin, it violates the laws of your make-up and it affects you, though you may not see the effect immediately.

THE MAKE-UP OF THE ELECTRICITY GENERATOR SET

How does the electricity generator works? The first thing you must understand about it is that it does not actually create electricity. It is like a water pump. Your water pump does not produce water; it only makes sure that water travels through it. The water travels through the pump, it does not create it. So, the generator is just like the water pump.

The law that governs the generator is actually based on the work of Michael Faraday using the law of electromagnetic field which he discovered. What happens to your generator is this: your generator has an engine, this engine produces mechanical energy. The word *mechanical* here means movement. To start the common generator, you have to spin it somehow by pulling the rope, once it starts rolling or spinning, that movement produces the mechanical energy. As it rolls, the *alternator* which is a part of the generator converts the mechanical energy into electrical energy.

There is an appliance inside the *alternator* called the *conductor* or *status*; it is filled with coiled wires. You probably have seen coiled wires one time or the other. There is also the *rotor*: the rotor is *magnetic*. The spinning movement of the magnet around the wire is what produces electrical voltage. That is why it is called electro-magnetic field. The voltage is then channelled through a wire into the house. I hope you understand this process.

The maker of the generator designed it in a way that makes it an electromagnetic field. Which means as the mechanical energy is spins, it initiates a magnetic field which in turn moves around the electrical wires and as this movement occurs around the electrical wires, it produces voltage that then passes current into your wire and brings it into the house.

In essence, for the generator to fulfill its purpose, those things were put in place. In a generator you have a fuel tank that supplies fuel which makes the engine to work, it also makes the mechanical energy to keep spinning. And then you have the exhaust where the fumes come out from so that the generator will not become overheated. You also have the oil

which helps to lubricate every part that moves. All these are made into the generator by its maker to make it work. Looking inward into the generator you can determine the law or process it takes to work as well as determine what it is meant to do.

I believe that with those two illustrations, you now understand that the make-up of an object is directly proportionate to its purpose. God has also made you in a way that we can infer your purpose just from your make-up and that's what we are about to do.

HERE IS YOUR PURPOSE

There are things that serve as clues and directions for your purpose in life. If we look deeply into those clues, we will be able to unveil your purpose. Right now, get a sheet of paper and write the following questions with their answers. We want to look into your makeup to determine your purpose because the purpose of a thing determines its making. A sculptor will not make a clay flower vase the same way he will make a clay cooking pot. Although, both objects were made from clay, they were made differently. Let's see what God has made you for through this exercise. Make sure you understand and answer all questions. It doesn't matter if an answer is repeated and you may have more than one answer to a question.

Part A

1. What are your desires? _____

Note: Desire may come out of sheer will. For instance, I could desire to be the richest man in the whole world or you could wish to be a computer programmer. You want to become a programmer not because you have the necessary skill but because you know that it yields money. You may

want to become a pilot only because you admire their uniform. You may be thrilled at the way people swim though you don't know how to swim but you still desire to be a swimmer.

2. What is your ambition? _____

That is, what are you pursuing? What do you want to become? Answer according to your understanding of the word *ambition*.

3. What is your area of interest? _____

This may be the same as the two above and it may be different. You may have more than one answer to this as well.

Part B

1. What are your acquired skills? _____

Note: these are the skills you have acquired consciously or unconsciously. Man is made to learn. You might have acquired trading skills for instance, just because your mum is a trader. Many of us believe that our Lord Jesus might have had some carpentry skills by the reason of the occupation of Joseph, His guardian. You may grow up with two to four skills. You could be a good trader because of your mum, a shoe maker because of your dad, a hair dresser because of your neighbour and also have computer skills because we are in the computer age. List all your skills here: every skill you have learnt one way or the other.

2. What is your acquired academic knowledge or certification?

Note: this is simply what you have studied in school.

Part C

1. What is your passion? _____

Don't let me tell you the meaning of passion. Just answer it the way you understand it. Put them down even if you have more than one.

2. What do you love to do or what will you love to do? _____

Things you know that when you do it you find joy doing it.

3. What makes you sad or what makes you cry? _____

Anytime you see it around you or in your society you are sad, you wish you could correct it or solve it.

4. What makes you angry? _____

Part D

1. What will you do if money is not the motivation? _____

If we are all asked to do something and we will be paid the same amount regardless of what we chose to do, what would you love to do? I mean what would you love to do if all you will be paid is just #1,000 or \$5? This is a thing you will do easily, conveniently and seamlessly.

Make sure you answer the questions sincerely. You are about to know what your purpose on earth really is.

Your real purpose in all you have written is actually your answer to Part D. What you would love to do when money is not the factor, that is your exact calling; that is the best place you can be to be fulfilled in life.

Part C gives a clue to what your purpose could be.

It entails your passion, what makes you sad, angry and cry. These things are very important clues if you pay attention to them. They will point you to what you are made to be.

Part B contains your acquired skills, in and outside school.

It may come by accident because most of us study courses we never wanted to study just because of the academic situation of the country or as a result of parental factor or other factors beyond our control. They are also useful. They give you room to make money even though you may not feel fulfilled. But as you make money through them, you can begin to fulfil purpose alongside and be able to retire fully into your purpose in the nearest future. But if you are able to study your purpose in school, that's fantastic, go for it.

Part A is not your purpose or even close to it unless you repeat those answers in part B, C and D.

Summary

- Part A (your desires and wishes) is not your purpose.
- Part B (acquired academic and non-academic skills) gives room for survival and opportunity to make money.
- Parts C (your passions) are clues to your purpose.
- Part D (what you love to do even if you are not paid), is your main purpose.

Let me add that, no man is made to become just one thing, you can play double roles. You can be versatile. Just in case what you love doing best cannot put food on your table then, you can go back to your acquired skills. I mean, look for what you can do alongside your purpose but don't make the mistake of relegating your purpose.

Nevertheless, there is nothing that can make money for you as your purpose would do. Some people even relegate their purpose to things to

do for leisure or pleasure. That is wrong. Convert it into your main work. I get paid in a big way for the things such as public speaking and preaching that I do with fun.

Imagine that Usain Bolt, the fastest man in the world only runs for pleasure and works as an accountant or Anthony Joshua engages in boxing for leisure while he works in a bank. Can you imagine Ayo Ajewole (Woli Agba), a Nigerian comedian and actor doing comedy just at lunch break while he lectures in a school or Nathaniel Bassey singing in the choir while he works in an oil and gas company? Turn your passion to your work as early as possible and you will reap the fortune. If you can't do that immediately, make a progressive plan to do so.

Talking about doing a side job alongside your purpose; it is highly advantageous if you dive fully into your purpose as soon as possible but where a lack of finance places a temporal constrain or you need money to finance your purpose, I tell you that you can do something with your acquired academic or non-academic skills.

One importance of resigning fully into your primary area of calling as soon as you can and as early as possible is that you can make a lot of money out of it. When you make meaning in life you will make money. You can make money without making meaning, but you cannot make meaning without making money. When you make meaning, you can make it in life. And the best area you can make meaning in people's lives is in your area of purpose. **You will be paid for the problem you solve and how hard it is to get a replacement for you.**

I know of a man in this country (Nigeria) who was a humanitarian lawyer. He took cases of the poor and oppressed without charging a

dime. Through this, he became famous. As time went by, he gained the attention of wealthy people in the society as an experienced lawyer who have been to court several times and won many cases and then he started making money. We also have examples of founders of NGOs who are famous and successful just because of the humanitarian services they provide.

Your purpose is actually enough for your survival if you will nurture it and sacrificially use it to affect lives. Job Steves and his friend who founded iPhone wrote a computer programme, they tried to sell it to bigger companies who could finance it but they were turned down. They even offered it to those companies for free and only demanded that the programme should be launched, they were still rejected. In few years, their company became bigger than all the companies that turned them down. There was pressure on Mark Zuckerberg to sell Facebook for a good amount of money at the beginning but he told them he wasn't doing it all for money. As of today, he is the third man to become a centi-billionaire in human history.

The Scripture says he that loses his life will find it and he that finds his life will lose it. Go all out for your purpose and you will be happy you did.

Fulfilment is Purpose

But he that had received one went and digged in the earth, and hid his lord's money. Mathew 25:18

One important thing you must understand about purpose is that you must be ready to live for the benefit of mankind and for the benefit of the society you belong to. You must be sacrificial in solving people's problems and making meaning in life. That way, you will benefit from it.

While you look inward, you must not forget to keep your gaze on your Creator. You must keep looking upward.

Fulfilment is not all about making money, fulfilment comes from doing what you are meant to do, what you are primarily designed to do. Imagine using your ears to see, using your nose to hear or trying to use your eyes to hear, it wouldn't work. You can read a man's lips and understand what he is saying but that won't be possible if you talk with your ears. That is how it looks like when you are not in your purpose.

In your purpose you have the joy of fulfilment, you are able to enjoy life and touch the lives of those God wants you to touch and draw them to heaven. A doctor for instance has an advantage over a pastor winning his patient to God's kingdom.

Self-discovery is the hallmark of all discoveries, and until you discover yourself you cannot develop yourself. When you discover your primary use and you are ready to work in it, you will amount to a success story. Look inward and work towards what is inside of you. Work towards it, stay in your best, when you give it attention, your passion will be channelled towards it. The electric generator is best as an electric generator. The ear is best for hearing. The eye is best for seeing. Be the best you can be in your purpose.

Receiving Salvation

You were born a sinner condemned to hell but Jesus Christ died for your sins, gave you power to sin no more and enjoy life here on earth and hereafter. All you need to do is to believe and accept His works by declaring Him as your LORD and Saviour. Did you believe this? Say: Lord Jesus Christ, I accept your death and resurrection for the remission of my sins, I declare you as my LORD and Saviour. Amen.

Steps to Receive the Baptism of the Holy Ghost

1. You are not to ask or beg God for it, just expect it.
2. Believe He has given you and you will manifest it.
3. Don't hate tongues. That some people misuse it doesn't mean it has lost its power.
4. Don't pretend not to need it. Holy Ghost baptism is not just about tongues, it is about empowerment but tongues is the initial sign that you are baptized.
5. Clear your minds of doubts, God will give you, if you think any sin can hinder you, ask for forgiveness now and now. (**Isa 1:18** *Come now, and let us reason together, saith the LORD: though your sins be as scarlet, they shall be as white as snow; though they be red like crimson, they shall be as wool*). And forgive everyone in your heart.
6. As I pray for you, you will be baptized and you will speak in new tongues.
7. As I pray for you, the Holy Spirit will give you utterances and you will speak it out. Note that utterance means any sound produced with the mouth. That means the utterance could be one syllable or two. It could be one word or more. Understand that you are the one that will

pronounce the utterance in anyway it comes to your mind as the Holy Spirit gives you utterance.

8. When I pray for you, the utterance would come. Don't think you are the one thinking it, it is not you. Don't think you will be unconscious or lost, it is not so. Don't be bothered if you don't know the meaning just speak it. And keep repeating whatever comes to your mind.

9. Daddy thank you because you are a faithful God, you always hear me and you are eager to give us than we are eager to ask. I pray for you: receive the Holy Spirit right now in Jesus Name.

10. Open your mouth and began to speak those tongues out.

Steps to Receive Healing:

- 1. 1Peter 2:24 says:** *He personally bore our sins in His [own] body on the tree [as on an altar and offered Himself on it], that we might die (cease to exist) to sin and live to righteousness. **By His wounds you have been healed.***
2. You have been healed. You have been healed even before you had that illness, what I'm about to do by praying with you is to proclaim your healing.
3. As I do that, the pains and symptoms will be no more.
4. After I pray for you move that part of your body just as though it was healed already because it is an instant healing.
5. I proclaim you healed and whole right now in Jesus Name. The last time you had that illness is the last you will ever have in Jesus Name.
6. Check it out and share your testimonies.
